Today, we're excited to announce we are changing our name from Remind101 to Remind! We started this process as a way to simplify ourselves, but it also pushed us to reflect about our evolution as a company and why we exist. We built Remind to make it easy for teachers to connect with students and parents. Our belief is that strengthening these relationships is the most important way we can impact education.

✓ Easy to use!

✓ A way to communicate with parents.
